

October 11, 1958

Dr Herman J. Phaff
Div. Food Technology
University of California
Davis, California

Editor: YEAST News Letter

Dear Herman:

" Notice of change of address -- effective February 1, 1959 --

Prof. J. Lederberg, Department of Genetics, Stanford University, Stanford, California. "

" The Genetics Department is a newly organized unit in the medical school to be concerned with basic scientific problems in genetics. ~~XXXXXXXXXX~~ Special emphasis will be given to the genetics of microorganisms, along the lines of my previous work, together with other aspects of the science pertinent to medicine. "

Looking forward to the opportunity of closer contacts with you and many other mutual friends in Davis and Berkeley,

Yours sincerely,

Joshua Lederberg

PHAFF, H.J.
